SUMMARY

IT student specialized in full-stack development with a passion for cybersecurity. I am eager to apply my technical skills. Seeking opportunities to expand my knowledge and contribute to innovative tech projects during an internship, particularly in areas that combine development and security.

RELEVANT PROJECTS

Java Projects | JAVAFX

HELB Ilya Prigogine

📅 2023 - 2025

During my computer science studies, I developed 2 full-stack JavaFX applications. These projects involved building a desktop application. I applied key design patterns include MVC, Observer, Strategy, Factory and Singleton to organize the codebase, ensuring it was modular and maintainable.This project significantly enhanced my knowledge of Java capabilities in full-stack development, including experience with Maven for dependency management.

Fullstack Web Project | Django

HELB Ilya Prigogine

📅 10/2023 - 12/2023

The project involved building a back-end with Django ORM. On the front-end, I worked with HTML, CSS (Bootstrap), JavaScript and integrated AJAX to improving user experience. This project allowed me improve my skills in both back-end and front-end web development.

Fullstack Mobile Projects

HELB Ilya Prigogine

📅 2024 - 2025

In this project, I developed a complete mobile application using Android Studio. For database services, I used Firebase, including real-time database management, authentication and cloud storage. The application integrated Google Maps and the Google Translate API, enabling real-time translation of user input. This project enabled me to deepen my expertise in mobile development, API integration and the operation of cloud-based services.

KEY ACHIEVEMENTS

🚩 **CTFs**

With a little team of 4, I've taken part in several CTFs, including the CSCBE (43rd), the one organised by the RCCU (2nd).

💡 **Hackathons**

I took part in 2 hackathons organised by ETNIC in 2023 and 2024 where I learned how to brainstorm an idea and improve my team working.

EDUCATION

Bachelor's degree in IT

HELB Ilya Prigogine

📅 09/2022 - 06/2025 📍 Campus Plaine, Brussels

High School Diploma

Athéné Royale Jean Absil

📅 09/2016 - 06/2022 📍 Etterbeek, Brussels

SKILLS

HARD SKILLS

`Java` `JavaFX` `Python` `Django`

`HTML CSS JS` `Linux` `Git` `MySQL`

`.NET` `NodeJS` `React` `Firebase`

SOFT SKILLS

`Problem Solving` `Team Working`

`Adaptability` `Time Management`

`Communication`

`Attention to details`
